API Version
v3.0

Send your first SMS

The mySMSEthiopia API allows you to send and receive SMS messages. Get a message delivered in under 5

minutes.

Prerequisites

- ✓ Active mySMSEthiopia account
- ✓ API key (create one in Console → API Keys)
- ✓ Phone number for testing

Base URL

All API requests must be made to the following base URL over HTTPS:

```
https://smsethiopia.et/api/
```

Copy

ⓘ HTTPS is required. Unencrypted HTTP requests will be rejected.

Authentication

Authenticate requests by including your API key in the `Authorization` header.

10.00 ETB

cURL | Node.js | Python | PHP | Cop

```
curl -X POST https://smsethiopia.et/api
  -H "KEY: YOUR_API_KEY" \
  -H "Content-Type: application/json" \
  -d '{"msisdn": "251911639555", "text"
```

Request Parameters

Parameter	Type	Required	Descript
`text`	string	Yes	The SMS message content
`msisdn`	string	Yes	Recipien phone nu (e.g., 2519144

Postman Configuration

Follow this step-by-step guide to configure your API request in Postman or any HTTP client.

1 Configure Request Headers

Set up the following headers in your HTTP request:

Header Name

`KEY`

Header Value

`YOUR_API_KEY_HERE`

> Replace `YOUR_API_KEY_HERE` with your actual API key from Campaign → Application tab

Header Name

`Content-Type`

Header Value

`application/json`

2 Configure Request Body

Set the request body type to JSON (application/json) and use the following structure:

Request Body (JSON) Copy

```
{
  "msisdn": "251911639555",
  "text": "Hello World"
}
```

Field Descriptions:

text The SMS message content you want to send.

- Type: String
- Required: Yes
- Maximum: 160 characters (standard SMS)

msisdn The recipient's phone number in international format.

- Type: String
- Required: Yes
- Format: Country code + phone number (e.g., 251911234567)
- Note: Do not include + or spaces

3 Send POST Request

POST `https://smsethiopia.et/api/sms/se`

After configuring the headers and body, send the request and you'll receive a JSON response with the delivery status.

Expected Response:
